## Build-Your-Own Plate Buffet

25+ guests

Who has the best plates in Rochester? If you ask around, I think you'll find most people will answer Dogtown. Why? We use 80/20 ground beef in our sauce (not the higher fat blends many others use), House made mac salad, burgers that are never frozen. In short, higher quality parts.

So, let your guests construct a Rochester Culinary delicacy while you sit back and relax.
